(M11) DAVID PATTEN CLARK

Baby David was born 11 December 1967 and passed away 9 April 1869. He lived nearly sixteen months. We can feel the heartache this must have caused E. T. and Mary Stevenson CLARK. Very little is known about this little child. If you have stories about him that have come down to you, please contact one of the members of the Historical Committee and they will visit you and tape the incident.

(S1) Seymour Thompson Clark

One of the real tragedies in anyone's life is to see a beautiful spirit extinguished through accident. Susan LEGGETT and Ezra Thompson CLARK experienced this tragedy in their lives. Seymour, was a beautiful, inquisitive, happy and energetic young boy between the age of two and three when he adventured one day up the ladder of the workmen who were constructing a home next door. He tried to step off the ladder onto the second floot as he had seen the workmen do. His chubby legs could not stretch far enough and he plummeted to the ground suffering irreparable brain damage. Born 27 September 1862, he died in his thirty-first year, 22 November 1893. Again, the Historical committee would like you to contact them if you have information about Seymour.
