Morrell and Alpha report that they labored in two areas on their mission. Flensburg, which is just two miles from the Danish Border, and the rest of the time in Brernerhaven. They continue: "There is little evidence of the war as the Germans have rebuilt and are prospering. That may explain why they seem to feel they do not need the Lord. Nevertheless, the work is progressing. Our work included much proselyting. Many hours were spent with inactive members or part member families as Branch President. The work is hard and the rewards are eternal. The Lord does bless those who love and serve Hirn. One of our greatest blessings came in the form of the way being opened up for us to travel through the mission with our daughter Nancy (M6-Al2-5), then traveling on to tour Israel. This was indeed a highlight in our lives."
