June 1981 Newsletter for the Ezra T. Clark Family Organization Inc.

PRESIDENT'S MESSAGE

On July 24, 1901, Ezra T. Clark called his large family together to organize a family association. At the meeting he told his children and grandchildren, "I desire that a family organization be effected and made perpetual, that a meeting of my family and as many of my descendants as can possibly do so be held once a year for the purpose of maintaining the interest of the family, and for keeping a family register, and for mutual aid and encouragement." Pursuant to his request, the Ezra T. Clark Family Association was formed. One of the largest and oldest family associations in existence today, it has continued to meet every year since his death. Although the descendants of Ezra T. Clark now number in the thousands and are scattered across the United States the family association still flourishes. The credit for this must be given to the presidents, family representatives, and members who have rendered such devoted and faithful service through the years.

Many presidents of the family association have established goals for their terms of office. Among my goals is the desire to see published a volume containing the life histories of the first three generations of Clarks to preserve the family history and the family heritage of the first three generations of Clarks who played important roles in the religious, social, economic, and political history of Utah and of the Rocky Mountain West. Such a history can not be put together without the support and continued interest of all members of the Clark family. We do need the life histories of all living members of the first three generations. Please send us autobiographies, life histories, and information as detailed as

possible as well as photographs. A committee of Gladys Clark Farmer, Vera Christensen, Dennis Clark and Carol Clark Coombs has been organized to interview living members of the first three generations to secure their life histories. Please cooperate with them. We would also like to express our appreciation for the hard work of the newsletter committee without whose labors this newsletter would not have reached you. They are: LaRue Bowen, Carolyn Price, Bernice Gundry, Jan Felix, DeeAnne Whetten and Ruth Knowlton.

In closing as president I eagerly wait to meet with you all on June 20th at the family reunion in Farmington City Park. Our faithful, hard-working program chairman, Morrell Clark has prepared a very fine and interesting program. It is a marvelous opportunity for us to come together to socialize with each other and to rejoice in our common ancestry and in our friendships with each other.
