Title: **Charles Rich Clark - young**
Provenance:

Category: **Image**
Person: **Charles Rich Clark**
Date:

The image is a formal portrait, likely taken in a studio setting, common for the late 19th or early 20th century. Charles' attire and grooming are typical of that era. The photograph's graininess and monochrome nature are also characteristic of older photographic processes.

This is a black and white headshot photograph of a young to middle-aged Charles Rich Clark. He has light-colored eyes and short, neatly styled dark hair with a slight wave at the front. His gaze is directed slightly to his right, away from the camera. He is wearing a patterned suit jacket over a white collared shirt and a knotted tie or cravat. The background is plain and out of focus. The lighting is soft, highlighting his facial features.
