INTRODUCTICN At the close of my life's work I feel impressed to write a few words to my family and intimate friends. I feel that according to the laws of nature, which are the laws of God, I may be nearing the end of my earthly probation. I am pretty well satisfied with my life's work. I have been wonderfully blessed all the days of my life, and I feel that the Lord has been very good to me. I am proud and thankful for my heritage. I was born of goodly parents and have a splendid lot of good brothers and sisters. I am proud of them and they have been good to me. I love the memory of all of them. it has been a great privilege of mine to be associated with good men and women all my life. I can now see how I have been blessed threugh the righteousness of my parents, of their hospitality in caring for the needs of others. Many of the noblest men and women have been entertained by my parents in their open house. Presidents of the church, apostles and prophets and many noble women have eaten at my mother's table. Among them are Eliza R. Snow, Zina D. Young, Emaline B. Wells and many other good and inspired women to whom I have listened with interest bear their testimony of the divine mission of Joseph Smith, the Prophet, for they lived in his day and had a personal acquainteance with him. There is no doubt in my mind as to the truthfulness of their testimonies. Their spirit bears witness to my spirit that what they bore witness of is true. Perhaps the greatest testimony of all is that given of the Holy Ghost. The early aposties found it so, and it has given me the same assurance. I am now past 94 years of age. My health is good, I am happy and I enjoy my work in the Sait Lake Temple. Just how much longer I will be able to follow up the work, I do not know. My hearing is not as good as it once was and my eyes are somewhat bedimed, yet I enjoy life and while I live I want to do some good for the benefit of others. I appreciate the lives of many others
