March 17, 1865 "I started this morning with Ezra Clark, Lot Smith & several others for Isaac Bowmans in weber Valley. We had three teams on Sleighs & abot 15 lb of Hay. We drove /20 miles/ up weber Canyon to Brother Bowman's. When we arrived there we found his fence lined with Cow hides & sheep skins, and about a dozen of my sheep lying in the agonies of death from mere starvation. About 40 of my sheep had starved to death during the last week. They had nothing to eat for 7 or 8 days. I immediately fed the sheep & cattle and they stoped dying. Had he let me known the circumstances a week sooner I should have saved my whole flock. Had it been a few days later I should have lost all. We staid over night with Broman Bowman.
